More Details

Our director for this game is Nick Tipton. To assign mentors & mentee, the field will be divided into 4 groups based on masterpoints. Mentors in the top group will be paired with mentees in the third group. Mentors in the second highest group will be paired with mentees in the lowest group. Pairings will otherwise be random, with organizer's discretion to adjust pairings based on player preferences. This event is free to players; all costs are covered by the unit. If you have any questions or concerns, contact unitgames@bridgeinseattle.org.
